EXECUTIVE SUMMARY

Balkumari College was founded in 2043 B.S. by academics, businesspeople, and social activists from Narayangarh, Chitwan, with the goal of providing quality education at a reasonable rate. It is one of Nepal's leading and best community colleges. The current progress report contains information on significant projects, departments, administrative entities, and the processes that govern them. The institution has its own operating handbook that contains job descriptions, paperwork, and the method of monitoring teaching and learning activities. It also contains information about students, enrollment, exams, results, professors, administrative staff, and the board of governors.

The budget plan for 2079-80 along with actual income and expenditure of 2078-079 has been given in the present report. The total estimated income for 2079-080 is Rs. 12,71,01,2260.00 whereas the estimated expenditure is Rs. 12,71,01,260.00 As for actual income for 2078-79 is Rs. 14,36,75,945.63 and the actual expenditure for the same session is Rs 12,55,09,432.00 It also consists of audit report of 2079-080. As per Audit report of 2079-80, the record regarding income and expenditure has been kept as per rules.

Balkumari College has carried out Strengths, Weaknesses, Opportunities and Threats (SWOT) analysis by the team leading by the Principal, Jagadishwar Khanal V.P Baburam Panthi, V.P. Balanath Sigdel, Dr. Shyam Prasad Sedai (M.R.), Mr Shiva Prasad Poudel (Former Principal), Mr. Chun Narayan Shrestha (Former Principal)

Balkumari College is an emerging academic institution. The SWOT analysis reveals that its social background is quite positive and inspiring. The public / stakeholders are very cooperative and the college has maintained good relation. It has three bighas of land in Yagyapuri and 32 Kathas in the existing building site are the zenith of Public support. On the other hand, the college is financially sound. The programs MBS, MBA in FM, BHM, BICTE, BBA, BIM, B.Sc. Microbiology and Environmental Science have supported for surplus income every year.

In terms of academic standards, the institution has a strong monitoring framework in place that includes internal quality assurance auditors. Every year, an IQA audit is performed, followed by a review and remedial action. We have recognized our strengths and weaknesses. We are committed to maximizing our strengths and possibilities by tackling our weaknesses and problems.

In reality, Balkumari College has developed a brief overview of activities carried out throughout one academic year 2078/079 in order to provide information to stakeholders and the general public. From Poush 2078 to Mangsir 2079, the current

report attempted to include all activities and significant occurrences. In most cases, the public information cell (EMIS unit) maintains track of them and produces an annual activity profile.

Essentially, the college creates an outline of planning at the start of the year. Its goal is to organize a variety of academic and extracurricular activities. This profile will, as planned, include a concise narrative of seminars, workshops, orientation, training, conferences, interactions, and industry trips. Aside from them, it emphasizes festivities, the college's annual general meeting, and quality assurance audits of departments, manual modifications, meeting reviews, and many more. It is beneficial to look back and analyze the year's accomplishments. It explains how to be more effective with corrective and preventative activities in the coming year.

It is worth mentioning that the current report includes information on the board of governors, academic programs, faculties, students, examination results, pass out graduates, and academic year activities.

Thus, the current report 2078/079 provides latest Balkumari College institutional information as well as a brief overview of academic and other activities undertaken from Poush 2078 to Mangsir 2079.

Despite the advancements and success made in recent years, the College still has many concerns to solve and difficulties to face. The challenges of expanding infrastructure and academic programs, increasing pass percentages of students, ensuring student placement, taking adequate social responsibilities, reducing the negative impact of political interference, and developing international relationships are becoming major concerns of the College. Despite these problems, the College is relentlessly creating a five-year strategic plan to address and solve short and longterm issues and challenges. In the next days, the College hopes to establish itself as an ultimate destination for bright scholars by providing various skill development courses, workshops, seminars, and conferences for both instructors and students. It also expects to undertake scheduled extra-curricular and co-curricular events, connect with society and the whole nation, and collect funds from donor organizations. It also faces a significant task in developing infrastructure on 3 Bighas of land in accordance with the master plan created by the architect from the Swiss contact, as well as making the College a Deemed University and a center for excellence.

1. BACKGROUND

Balkumari College has celebrated 36 years of Academic Excellence by providing high-quality education and making significant contributions to the area of education. The institution has kept up with the changing world and has been the driving force behind numerous educational innovations, earning a well-deserved reputation in academics, athletics, and co-curricular activities. Balkumari College was founded in 2043 B.S. by Narayangarh academics, businesspeople, and social activists.

The college's academic and extension activities are drawn from a well-defined statement that integrates the college's core values with the modern objectives and goals of higher education, to promote globally competent knowledge citizens who are not only skilled and employable but also morally upright and spiritually inspired with "Humane Values and Social Commitment."

However, as a result of the constant dynamics of globalization, technological revolution, knowledge explosion, and rapidly growing industry needs, the purpose and scope of higher education have been redefined to include components of employability, research, innovation, and social relevance, whereby 'academic flexibility' has become an integral part of quality education. Tribhuwan University has granted the college permanent affiliation.

As a result, Balkumari College applied for Autonomy MBA in Financial Management in 2019 and was granted the status in December 2020. While we celebrate Tribhuwan University's Grant of Autonomy from 2021 onwards, it also elaborates a larger vision for the future of Balkumari College, which has remained a pillar in education.

The college has been awarded with Quality Assurance and Accreditation (QAA) certification by Quality Assurance and Accreditation Committee of University Grants Commission Nepal on 22nd November 2009 (7th Mangsir 2066) and reaccredited again on Ashadh 3, 2075. It has already been recognized as an ISO 9001- 2015 certified institution for quality management system (QMS) from July 2008.

As a 'Partially Autonomous Institution' of Tribhuwan University, the college has begun the process of curriculum enrichment and advancement. In order to reap the benefits of autonomy, the institution provides a diverse variety of academic programs, including various professional courses and interdisciplinary papers, in order to make education more relevant and job-oriented.

2. Admission Progress

The college's Admission Committee, comprised of the Principal, Vice-Principal, Department Heads, and senior professors, ensures that the admission process is well advertised and transparent. The Admissions Committee conducts an annual evaluation of the admissions process. The ever-increasing demand for admissions over the last few years demonstrates the review mechanism's efficacy.

During the admissions process, the faculty counsels applicants to raise awareness among students about the courses offered, career opportunities, campus culture, rules and regulations, and various other add-on courses designed for the holistic development of the students to assist them in choosing the right course.

4. PROGRAMS AND DEPARTMENTS

The major programs of the college are as follows:

- 1. Academic Programs
- 2. Community Health Programs
- 3. Research and Development
- 4. International Relation
- 5. Quality Control, Follow up and Planning
- 6. Extension Programs With Supporting Institutions Within the College
- 7. Students Welfare Program

1. ACADEMIC PROGRAMS

- Master's in Business Studies (MBS).
- Master's in Education (M Ed)
- MBA in Financial Management (Autonomy)
- Bachelor in Business Studies (BBS).
- Bachelor in Education (B Ed).
- Bachelor in Science (Microbiology and Environmental Science)
- Bachelor in Hotel Management (BHM)
- Bachelor in Information Communication Education (BICTE)
- Bachelor of Business Administration (BBA)
- Bachelor of Information Management (BIM)
- Community Health (staff Nurse, ANM and CMA) in separate place

2. Community Education/Health activities

- 1. Outreach health programs (through Lions/Leos, students union, health education dept.)
- 2. Delivery of health care through community based organization.
- 3. Geriatric health program at Devghat old age home in cooperation with aligned Group (LC Balkumari College)
- 4. Blood Donation Program.

3. RESEARCH AND DEVELOPMENT (RESEARCH MANAGEMENT CELL)

- 1. Research on socio-economic, educational and administrative analysis and development.
- 2. Research on health and community development services.

5. EDUCATIONAL PEDAGOGY

PROCEDURE

All Departments, units, and administrative branches are supplied with functional processes (job duties). Internal quality assurance audits are performed in accordance with functional procedures. There are skilled auditors available to carry out the audits in the format specified. The report is delivered to upper management, who schedules the Review Meeting. The weak spots and incomplete work are assessed, and corrective action is done. A follow-up is performed to determine whether or not corrective action is required.

Our dedication to providing high-quality education and training has aided our students' development. We mold our pupils by sharpening their abilities and developing a feeling of responsibility in nation development via the cultivation of humanitarian ideals. We have many courses to bridge the gap between the university and the industry in our attempts to achieve the aforementioned aim.

We analyze students' academic and aptitude strengths and weaknesses and address their requirements through a variety of courses, professional courses, and modules on personal development, courses on life skills, and courses on global competencies. The use of Information and Communication Technology (ICT) and other visual aids to assist, enhance, and optimize information delivery in education by incorporating technology into the curriculum has a major and beneficial influence on students' outcomes. Our children are introduced to technology through education in order to have superior 'knowledge,' presenting skills, and inventive capabilities, so that they are prepared to put in more effort into studying than their peers. Bridge courses, remedial and tutorial classes, assignments, project work, seminars, guest lectures, workshops, and pre-placement activities are all important parts of the teaching learning process.

Participative Learning -Through seminars, group discussions, films/book reviews, role plays, case studies, quiz, etc provides students with an opportunity to gain professional values, knowledge, and skills. Experiential learning with multi-

dimensional learning experiences are provided through industrial visits, outdoor shooting, editorials, exhibitions, workshops, etc. The classrooms are well equipped with LCDs and are also Wi-Fi enabled that helps the teacher in using the Audio-Visual Room, MOODLE, etc., for exploring new avenues in teaching.

The lecture mode of teaching varies from course to course. Experiential learning (real time applications from simulations to projects/field work/survey/visits), participative learning and problem solving methodologies are used for enhancing learning experiences. The institution has made a conscious effort to shift from the traditional teacher—centric approach to a student-centric one.

Student-centered Methods-These are an integral part of the pedagogy adopted by the faculty. However, there has been a paradigm shift in teaching from pure chalk and talk methods to adopting a judicious mix of lecture method and ICT backed teaching. The teacher's role is that of a facilitator who promotes self-management of knowledge, holistic development and skill formation through participatory learning activities.

Balkumari College, Internal Quality Assurance Audit Committee

- 1. Dr. Shyam Prasad Sedai, Coordinator
- 2. Mr. Shiva Prasad Poudel, Member

6. PHYSICAL PROGRESS

Infrastructural Development

Infrastructure development is an important aspect that needs to be taken into account. The term infrastructure is comprehensive and there are number of aspects that are included in it. These include playgrounds, library facilities, laboratories, computer centers, technology, machinery, tools, equipment and so forth. The members of the educational institutions need to invest resources to bring about improvements in infrastructure. When developments will take place in infrastructure, then the individuals will be able to carry out their job duties in an appropriate manner and lead to progression of educational institutions. The members of the educational institutions need to ensure that they bring about improvements in infrastructural facilities on a continuous basis. With advancements taking place and with the advent of modern and innovative methods, it is necessary to promote infrastructure development in educational institutions. The various types of infrastructural facilities in college have been stated as follows:

College Buildings – College buildings are in proper conditions. It is vital to ensure that they are not damaged. As college buildings are regarded to be of utmost significance in attracting the visitors and other individuals. To maintain the college buildings, it is well-repaired and painted.

Provision of Clean Drinking Water – Water is regarded as an essential requirement of the individuals. It is indispensable to make provision of clean drinking water within college. In summer seasons purified cold winter season hot water is available in every floor and every department.

Provision of Restrooms - Restrooms are proper amenities available, such as, clean water, sanitary pads for girls, soaps etc. still we need more restrooms.

Conditions of Classrooms – The conditions of the classroom is vital to impart teaching and in facilitating the achievement of academic outcomes. The classrooms are making provision of adequate furniture, teaching-learning materials and technology. When there will be provision of cooling and heating equipment, then students will be able to

concentrate well on their learning and teachers would also be able to carry out their job duties in a well-organized manner.

College, the availability of playground facilities are considered important. These facilities normally vary in size. Within the playgrounds, the students get engaged in number of activities, which stimulates their mind-sets and motivate them towards learning. Sports and physical activities are managed properly playground and equipment are maintained and provides according to student needs and interest.

Technology – The use of technology is regarded to be of utmost significance in acquiring an efficient understanding of academic concepts and achieving educational outcomes. College emphasizes usage of technology. Teachers and students are making use of computers, laptops, projectors, tablets or mobile technologies etc.

Library Facilities – The libraries are referred to the places, where there are availability of various materials, which are meant to acquire information and enhance the understanding of academic concepts among students there is availability of computers and internet. The individuals make use of them to accomplish their tasks and activities. They need to ensure that within the libraries, apart from the availability of reading materials and technologies, there should be proper sitting arrangement, furniture, heating or cooling equipment and so forth. The environmental conditions within the library are well-organized.

Laboratory Facilities - Various equipment, tools, machines, and apparatuses are available in laboratories, related to science and hotel management subjects. The students and teachers are well-aware of various procedures and methods that are required to conduct experiments.

Cafeteria

The newly built college cafeteria serves healthy meals and snacks to students and staff at reasonable prices. The students at their break times are served with hygienic meals and snacks menu-wise on weekdays.

EDUCATIONAL AIDS

Balkumari College has well established system of learning resources in all departments and faculties. In other words, ICT lab, science lab, library, reading room, class rooms, HM practical halls, meeting halls have been well maintained.

As regards to the books in library, it's 57359 at present. In reference to the journals, they are 11 daily, 8 monthly. The library has 5 rooms including 2 study rooms.

It is noteworthy that Computer lab with 84 branded computers and science lab with required science equipment are well maintained. On the hand, it is worth noting that there are administrative appliances such as printers (25), Photocopiers (3), fax machine (1), LCD projector and multimedia system (52) in the college.

Keeping in view the technological advancements and innovations in education, innovative teaching methodologies are adopted by all the Departments for effective learner – centered teaching to facilitate effective learning.

Student centered methods are an integral part of the andragogy adopted by the faculty. The dynamics of globalization, evolving new technologies and explosion of knowledge on one hand and rapidly changing attitudes, learning interests and goals of students on the other hand, have made innovation essential for the teacher.

S. No	Teaching Methodology	Teaching Tools
1	Chalk and talk method	Chalk, Board and Duster

Financial Progress

In a community campus like Balkumari College, students' fees are the primary source of income. According to the report, Balkumari College is in good financial standing. Quality and semi-technical education, a nice facility, a playground, and contemporary amenities have all drawn students to Balkumari College. Obviously, the number of students is nearly full according to quota, thus there has been considerable income from students. Currently, there are 2328 students in several faculties. Furthermore, a public health program located 2 kilometers from the main institution has helped with additional money.

The budget plan for 2079 /080 and real income and expenditure of 078/079 show the financial status of college. The actual income and expenditure of 2078/079 was NRs. 143675945.63 and NRs. 12,55,09,432.00. Thus the saving for fiscal year 2078/079 NRs 1,81,66,513.63.

A detailed budget plan for the previous three years, including actual revenue and spending, is provided below. Talking about grants, the college received NRs 4568548.00 from UGC which has been included in the budget.

Audit Observations / Issues and Steps Taken to Mitigate the Issues Raised by Audit Observations in the Last Fiscal Year

Regarding the issues raised in Audit Report, college has develop its mechanism to address the issues. Since financial activities are major activities of any institution, it should be observed and monitored on daily basis. Sub-committee to monitor financial activities are been formed which helps in taking decision regarding financial activities.

BUDGET PLAN

The budget plan for 2079-80 and audit report of fiscal 2078-079 have been given in the annex.

8. SOCIAL PROGRESS

As a community college, Balkumari College has maintained positive relationships with stakeholders and the general public. The aligned groups, which include the Free Students Union, Teachers Association, Administrative Staff Forum, Youth Red Cross Circle, Lions Club of Balkumari College, Leo Club of Balkumari College, and Alumni Association, have played a significant role in maintaining relationships with the community. They are particularly involved with charitable initiatives. They mostly take out activities like as blood donation, health awareness, environmental awareness, medicine and refreshment distribution to elderly residents in Devghat old age home, and distribution of stationary and scholarships to poor and needy students in Chitwan's rural districts. Balkumari Institution's public health program (2 kilometers from the main college) routinely organizes health awareness events such as cancer awareness, HIV awareness, heart disease awareness, reproductive health, and so on.

Society's Contributions for Campus

It has a really pleasant and inspirational social backdrop. The public/stakeholders are quite cooperative, and the college has maintained positive relationships with them. The stakeholders' assessments and recommendations are solutions to enhance the college.

Plan for Campus's Contribution to Society

As a public educational institution, the campus feels responsible towards society. So the support to the society will be continued in the coming years as well. The following are some plan for Campus's Contribution to Society

- 1. Provide scholarship and free ship to the students from socially back warded and economically deprived families. (Recommended by the society)
- 2. Organize trainings and workshops to the school and college level teachers of the neighboring / feeder schools and colleges.
- 3. Organize blood donation and free health checkup programs on regular basis
- 4. Organize inter school and inter college competitions of various extracurricular activities
- 5. Participate in various social awareness programs conducted by any social organizations
- 6. Extend financial support to the elderly care homes in creative participation of the staff and the students
- 7. Cleaning programs to the roads of neighboring zones.
- 8. Cybercrime awareness and narcotic programs

Plans for Increased Involvement of Society in the Campus

BKC proposes the plans to get society's support as follow:

- 1. Search social workers who can donate amount in the formation of scholarship fund to offer a large number of educationally disadvantaged students.
- 2. Receive continuous support from the locals and campus assembly.
- 3. Extend MOU with various social organizations to work in the mutual benefit of both the organizations.
- 4. Get continuous support of feeder schools in case of conducting teaching practice of education faculty.
- 5. Mobilize the former staffs and students in infrastructure development, new enrolment and quality enhancement in the campus.
- 6. Formulate scheme to involve various social clubs and organizations in generating resources for campus building construction.
- 7. Collaboration with different organizations in various social awareness programs.
- 8. Felicitate and honor the donors for the construction of campus building.

SWOT ANALYSIS SWOT Analysis of Balkumari College

BACKGROUND

The internal environment of the college generates strengths and limitations. The environment outside the campus generates both opportunities and hazards. Strength and opportunity are beneficial in reaching the college's goal. Weakness and threat are impediments to attaining the college's goal, and measures must be made to eliminate them. Balkumari College has conducted a SWOT analysis and is advancing research initiatives to capitalize on its strengths and possibilities, while developing plans to address its weaknesses and problems.

Strengths, weaknesses, opportunities and threats (SWOT) of Balkumari College have been summarized as follows:

STRENGTHS

Balkumari College is located in Narayangarh, Bharatpur Metropolitan City, Chitwan, about 150 kilometers from Kathmandu, at the crossroads of Nepal's highways running north to south and east to west. Similarly, the tranquil environment away from the crowds in the adjacent location of wide and green field Kyampa Chaur has made it unique and magnificent. Such an ideal geographical position appears to be ideal for providing academic services to the community.

For academic and other associated operations, the institution has enough physical infrastructure (land and buildings). A five-story facility comprising an administration block, an academic block, a library block, a hotel management block, and a scientific block can accommodate over 2000 pupils in a single shift. Three-story health building on two bighas of land in Bharatpur Metropolitan City's Ward No. 4. Furthermore, the institution plans to construct a science and technology building on three bighas of land in Yagyapuri, Ward No. 5 of Bharatpur Metropolitan City.

- Character strength stability in the face of adversity, hard effort and commitment to quality, high morale, and a determination to explore chances in the face of adversity are indicators of the college's success. We have nationally and internationally recognized programs so we can aspire to excellence in all areas.
- The college has distinguished and skilled faculty.

- We have quality of education and teaching in accordance with modern approaches.
- Innovation is evidences by grant application of research.

There is Good environment as per student's organizations and clubs

There is a readiness to acknowledge weaknesses and make changes, for example, the administration is prepared to openly discuss the obstacles it has, such as recruiting, retention, career development, and a lack of diversity, and build strategies to address these issues. There is favorable atmosphere of success for faculty, staff and students There is good physical environment of quality of life.

Collaborative culture of evidence by the collaboration between departments including sharing of equipment, the number of successful interdisciplinary collaborations in many activities, the strong collaboration between academic and administration and relative lack of turf battles

Balkumari College is a good example of Public Support to build up its infrastructure and Institutional Organization. The board of governors is instituted from social workers, guardians and local government representatives. The strong and capable organization of the college is the consequence—of their selfless dedication and firm willpower. Its ultimate target is to transfer itself into an autonomous deemed university. Its glorious history of institutional organization and public interest supports the view that the college can reach its destination in the next 5 years.

Social workers and education loving donors have started multiple students' scholarship foundation and awards, which are available to support poor and indigent students. Wealthy generous families in Narayangarh are interested to contribute scholarship to needy intelligent students

Balkumari College has started good relevant courses in different subjects. Main courses or programs are Bachelors programs: BHM, BICTE, BSc (Microbiology and Environmental Science), BBS, BED, BIM, BBA and Master Degree programs in Business studies and Education. Some of the proposed programs is M. Ed ICT. Those strong and widely respected and recognized programs demonstrate a strong commitment to the community and community service.

Highly qualified, experienced, and dedicated cadre of adjunct faculty and full- and part time instructors are working in Balkumari College. They are not only competent in their performances but also very good in research activities. They have good knowledge of modern education system. Because of the qualified and competent human resources, the college is sure to make amazing progress in academic fields in a very short span of time.

It is a pride that the college has broad range of high quality practical experience opportunities for students in all subjects. The college has deliberately applied project based learning in its philosophy of teaching. It provides positive message of teaching in real life situation.

Balkumari College is located among the densely populated places like Narayangarh, Bharatpur and Gaidakot together with neighboring districts Nawalparasi, Makwanpur, Gorkha, Tanahun, Dhading and Lamjung. As a result, very large numbers of the students rush to the college for study in different subjects.

Balkumari College has the provision of good learning resources. It has good library and well managed computer labs, science labs, hotel management practical rooms, research room and so on.

Weaknesses:

- To improve in low academic performance (students regularity and success rate)
- Lack of proper cooperation and coordination among inter departments of the college for want of good and competent software installment.
- Staffs' Integrity risk.
- Large number of students makes it difficult to connect with students and retain our student centered focus
- Large number of students means a diverse student body with diverse needs and insufficient resources to address students at both ends of the ability continuum.
- Lack of appreciation/recognition of faculty work.
- Limited program diversity when compared to the wide range of programming possibilities in the broad field of physical activity.
- · Lack of cohesion across all programs and areas in department.
- High frequency of lock out from the members of the students union.
- Lack of ability to complete and retain faculty and students' need such as recruitment of more faculties, making smaller class size in management (Especially BBS)
- Low quality of facilities and lack of repair and maintenance which make it difficult
 to manage top faculty and students, e.g. research laboratories and facilities in some
 areas of the college., rest rooms, landscape and landscape maintenance, care of older
 buildings, lack of energy efficiency.
- Excess repair and maintenance expenses as results of the destruction activities carried out by the members of the students unions.

- Underutilization and lack of organization of technology nor taking full advantage of IT potential, e.g. integration in teaching and learning, lack of designated leader and evidence of haphazard development across the college and waste of resources.
- Excessive pressure from the members of the students unions.

Opportunities:

- College has the opportunity to use its reputation for quality programming and its geographic location to develop new programming opportunities and new modes of delivery.
- Offer additional professional development training program for faculty teachers and staffs to provide qualitative academic facilities to the students of the college.
- The college has an opportunity to transfer itself into a deemed university or an autonomous institution and be safe from weakness and disturbances caused by the university policy and regulations
- Opportunity to obtain grants in aid from world bank for New strategic projects for academic development
- Public Private Partnership provision has to be implemented

Challenges (threats):

- Decreasing ability in order to compete with private colleges and retain top faculty
- Declining number of students in faculties' e.g. B Ed.
- External challenges, changing priorities, and limited funding can potentially create internal tension over limited resources.
- Nepal Banda and strikes.
- Internal quality assurance cell must be made more effective and follow the system strictly
- Research activities has to be more effectively done with more budget and plan
- Ph. D. and M Phil teachers have to be recruited
- Land of Yagyapuri has to be utilized
- Hospital building has to be completed so as to run hospital for bachelor programs in Medical courses
- Installment of competent and high quality software for educational management and information system (EMIS).

CONCLUSION

Balkumari College is a newly established academic institution. According to the SWOT analysis, its social context is quite good and inspirational. The public/stakeholders are quite cooperative, and the college has maintained positive relationships with them. The climax of public support is three bighas of land in Ygyapuri, 2.5 bighas in Ward 4 (Public health building), and 32 Kathas on the present building site. On the other side, the college is financially stable. Every year, the programs MBS, BHM, BICTE, BSc, and health have supported for surplus money.

In terms of academic standards, the institution has a strong monitoring framework in place that includes internal quality assurance auditors. Every year, an IQA audit is performed, followed by a review and remedial action. We've discovered our weaknesses and issues. We are committed to maximizing our strengths and opportunities by addressing our weaknesses and challenges.

The fact that the board of governors was recently constituted with young, dynamic, and engaged social professionals is the most inspirational feature. They are trying hard to replace old and traditional customs with new and modern ones. Hopefully, the college will achieve great things in the future.

Society's Contributions for Campus

It has a really pleasant and inspirational social backdrop. The public/stakeholders are quite cooperative, and the college has maintained positive relationships with them. The stakeholders' assessments and recommendations are solutions to enhance the college.

Plan for Campus's Contribution to Society

As a public educational institution, the campus feels responsible towards society. So the support to the society will be continued in the coming years as well. The following are some plan for Campus's Contribution to Society

- 1. Provide scholarship and free ship to the students from socially back warded and economically deprived families. (Recommended by the society)
- 2. Organize trainings and workshops to the school and college level teachers of the neighboring / feeder schools and colleges.
- 3. Organize blood donation and free health checkup programs on regular basis
- 4. Organize inter school and inter college competitions of various extracurricular activities
- 5. Participate in various social awareness programs conducted by any social organizations

- 6. Extend financial support to the elderly care homes in creative participation of the staff and the students
- 7. Cleaning programs to the roads of neighboring zones.
- 8. Cybercrime awareness and narcotic programs

Plans for Increased Involvement of Society in the Campus

BKC proposes the plans to get society's support as follow:

- 1. Search social workers who can donate amount in the formation of scholarship fund to offer a large number of educationally disadvantaged students.
- 2. Receive continuous support from the locals and campus assembly.
- 3. Extend MOU with various social organizations to work in the mutual benefit of both the organizations.
- 4. Get continuous support of feeder schools in case of conducting teaching practice of education faculty.
- 5. Mobilize the former staffs and students in infrastructure development, new enrolment and quality enhancement in the campus.
- 6. Formulate scheme to involve various social clubs and organizations in generating resources for campus building construction.
- 7. Collaboration with different organizations in various social awareness programs.
- 8. Felicitate and honor the donors for the construction of campus building.

Academic and Other Activities from Poush, 2078 to Mangsir -2079 (2022)

Balkumari Institution, a renowned Chitwan institution, was authorized by the University Grants Commission's Accreditation Board in 2009 and reaccredited on the 3rd Ashadh 2075. (17 June 2018). It is an ISO 9001/2015 certified firm by IQ Net Quality Austria, Vienna. The current profile includes a synopsis of academic activities such as seminars, workshops, orientation, training, conferences, interactions, and industry trips. Aside from them, it covers festivities, research efforts, the college's annual general meeting, quality assurance audits of departments, meeting reviews, and other events. Balkumari College's academic activities are profiled.

Congratulations and best wishes by Chairman of the Board of Directors

On the occasion of 37th Annual ceremony, as the Chairman of the Board of Directors, I would like to thank all the teachers, staffs, students and all the colleagues in the Management Committee who have contributed to bring Balkumari College to the level of University. I wish you all the best.

-Jagannath Paudel

Outstanding Achievement: Balkumari College celebrates the happiness that Mr. Shukra Shrestha and Mr.Shankar Gurung have been rewarded by the government as secondary level English Teachers in Gandaki Province.

Mini research

For an educational Institution to be vibrant and effective in imparting quality education, it is essential that the teaching faculty keep developing and growing in competence and commitment, employ innovative pedagogy to ignite the young minds, show the interest and care for the student's growth and have the zeal and thirst to expand their knowledge base and pursue research in their chosen area to contribute to a generation of new knowledge. Hence, research is one of the identified strategic areas of focus. Quality research on the campus is ensured through a Research Committee which monitors, promotes and addresses the issues of research. RMC announces for mini research.

Strategic Plan for Skill Development for Faculty and Staff for 5 year 2020 - 025

Motto

Hard work, honesty and continuity for development, innovation and excellence

VISION

Balkumari College will be valued to turn itself into an autonomous educational center of excellence pursuing innovation, experiences, principles and guidelines of great philosophers and scholars in order to make best use of their contributions for persistent and continued betterment of people and society in local, national, regional and international interest.

Mission

Balkumari College will enhance effectiveness through strategic personnel initiatives which promote the highest quality of faculty and admin staff.

OBJECTIVES

- 1. To provide facilities and access for professional development of faculty and staff
- 2. To establish support budget (scholarship) for provision of financial aid to promote the skill and qualification of faculty and staff.
- 3. To improve the internal climate of the college of the college concerning academic activities by creating an environment ofd trust and communication.
- 4. To recruit adequate number of faculties and administrative staff each department and program.
- 5. To establish quota needed for the departments and programs of the college

MEASURES OF SUCCESS

- · To employ needs and satisfaction survey
- To provide faculties with opportunities for participation and recognition in scholarly activities
- To enable Faculty and staff participation in professional organizations and administrative committees
- To provide opportunities to faculty and staff participation in professional development activities or qualification development programs
- To Use of resources for professional development by faculty and staff To identify number of faculty and staff, teacher students ratio, class size
- · To take steps needed for fulfillment of the above mission.

ACHIEVING THE GOAL (PLAN OF ACTION)

Step 1	* determine baseline level of participation in professional development activities * develop protocols (criteria) to advertise and communicate professional development opportunities
Step 2	* establish a teaching and learning center (unit) to encourage faculty , exchange of information on strategies that improve teachers learning
Step 3	 * Publicly recognize professional development and achievement in a variety of media * manage information on full range of development opportunities for faculty administration and staff * support programs for further study and training for faculty and staff

PROCEDURE FOR HR DEVELOPMENT: SKILL DEVELOPMENT FOR FACULTY AND STAFF

Purpose: establish the documented procedure for SKILL DEVELOPMENT of faculty and staff of Balkumari College to ensure its continuing suitability, adequacy and effectiveness

Scope: All activities regarding skill development of faculty and staff of BKC Responsibility: all concerned

QAA CERTIFICATION BY UGC (REACCREDITATION)

As an important component of higher education reform in Nepal, the University Grants Commission (UGC) Nepal has started the Quality Assurance and Accreditation (QAA) program.

According to the UGC, accreditation aims to provide quality assurance that the academic aims and objectives of the institution are known to be pursued honestly and effectively by mobilizing the resources currently available, and that the institution has demonstrated capabilities to ensure the effectiveness of the educational programs over the accreditation validity period.

Balkumari College has been awarded with Quality Assurance and Accreditation (QAA) certification by Quality Assurance and Accreditation Committee of University Grants Commission, Nepal on 22nd November 2009 (7th Mansir 2066). The College is the first QAA awarded college of Nepal. It has reaccredited on June 17, 2018 (3rd Asadh, 2075).

Our goal is to progressively expand Balkumari College as a campus of excellence and, eventually, to become a Deemed University. The College Management Committee and the entire college family are well prepared and equipped to create and promote need-based initiatives in the face of a variety of obstacles and difficulties.

BUDGET PLAN AND AUDIT REPORT

Sound financial position of an organization is most essential for sustainable development. Balkumari College has been mobilizing the financial resources from community, local government, students, UGC/Nepal from the establishment of the college. The greater proportion of its income is generated from student fees. Besides this, bank interest, UGC grants are the other topics of income generation. Due to many faculties and large no of students the college has been able to generate sufficient amount of money for its day to day activities and been able to save some money for further expansion and development. In spite of this fact, the college has challenges to maintaining financial status with the rapid growth of expenditures in salary and others. This fact can be seen in the last two years' income and expenditure statements and audit reports.
